MOHD ZUBAIR

Citrix Solutions Consultant and
Microsoft Trainer

EXECUTIVE PROFILE

Mohd Zubair is a seasoned Citrix expert renowned for his mastery of Citrix environments across multiple product versions, including 1912 LTSR, 2103, 2106, 2109, 2112, 2203 LTSR, 2209, 2212, and 2303. With a strong track record, Mohd excels in configuring and maintaining Citrix Virtual Apps and Desktops environments, ensuring peak performance, scalability, and top-notch security.

As a quick and effective problem solver, Mohd specializes in diagnosing and resolving Citrix-related issues, minimizing disruptions and keeping your systems running seamlessly. His proactive approach includes robust performance monitoring, addressing potential bottlenecks before they affect operations. Security is a top priority, with strict adherence to security practices and compliance requirements.

Mohd's commitment extends to empowering end-users through training and support, maximizing the potential of Citrix Virtual Apps and Desktops. With a focus on automation, he streamlines administrative tasks, boosting efficiency. His dedication to staying current with the latest Citrix technologies ensures informed recommendations and continuous improvements. Choose Mohd Zubair as your Citrix expert, and experience exceptional solutions and support that drive success.
