

AKMAL YAZDANI

Sr. Cloud Architect and Instructor

EXECUTIVE PROFILE

Akmal, an accomplished IT professional boasting over 16 years of extensive industry experience, currently excels as a proficient Multi-Cloud Architect. His specialized expertise spans across a spectrum of technologies including Microsoft Azure, Amazon AWS, Office 365, MS Teams, SCCM, SCOM, and SharePoint Online.

Notably, he has held the prestigious title of a Microsoft Certified Trainer (MCT) since 2015 and is recognized as an AWS Authorized Instructor (AAI). Akmal's credentials encompass a range of Microsoft certifications such as MCSE, MCSA, and MCP, coupled with certifications in Azure, VMware, and AWS. His forte lies in offering comprehensive consultation, implementing robust solutions, and delivering top-tier support in cloud services, security protocols, and infrastructure solutions.

Beyond technical prowess, Akmal possesses exceptional communication skills, effortlessly articulating complex technical concepts to both technical and non-technical stakeholders. His ability to bridge this gap instills confidence and clarity in understanding the intricacies of the IT environment. Moreover, he actively engages in the development of others, dedicating himself to training and mentoring employees and management, fostering an environment of continuous learning and growth.
